### Product description

If your goal is to create a bathing saloon, that will give your bathroom the style of an exclusive spa and a promise of long moments of uncompromising relaxation, then this bathtub is created especially for you. Gentle and harmonious lines of the ZEN by Cersanit by Cersanit freestanding bathtub will make you float easily into the world of deep peace and harmony. The bathtub is made of high-quality acrylic, which dampens the sound of hitting water and makes the surface of the bathtub pleasant and warm to the touch. The bath temperature is maintained for longer. In addition to a solid structure, the freestanding acrylic bathtub is distinguished by its weight, much lower than conglomerate products.
