COLLECTION AQUA PNEUMATIC CONCEALED FRAME

PRODUCT CODE:

S701-802

Product description

The composition of the set: • AQUA 50 PNEU QF concealed WC frame with a guarantee of long-term and trouble-free use • LARGA by Cersanit SQUARE CleanOn wall hung bowl with hidden fixation • toilet seat duroplast SLIM WRAP, anti-bacterial, soft close, with one-button easy off function

AQUA 50 PNEU QF concealed WC frame for dry installation has been equipped with a number of functional solutions that make installation easier and faster: brakes in the frame feet, rotatable galvanized feet, QUICK FIX wall mounting system, allowing installation of the product in the corner of the room, outlet knee with four-stage depth adjustment, '1 meter' marking to help determine the height of the wall hung bowl, and a color code facilitating the installation process. Ease of installation is complemented by the ability to adjust the tank's internal components without the use of tools and a flexible connection hose equipped with O-ring ends that can be easily tightened by hand. The tank of the WC frame was made with modern blow molding technology; a one-piece construction of durable plastic ensures tightness and safety for years of use. Adjustment of the amount of flushed water, precisely and smoothly operating pneumatic flushing valve, ultra-quiet filling valve with a metal tip, styrofoam insulation around the tank, or FRESH SYSTEM, a special dispenser for freshener cubes, which guarantees hygiene for a longer time—all these contribute to the highest usable quality of the AQUA WC concealed frame. Selected pneumatic flush button, to be purchased separately.

Technical data

Colour	blue
Depth	14,2 - 23 cm
Easy-off	Yes
Flushing	3-5L
Frame type	for WC
Gross weight	45,1 kg
Height	116,5 - 136,5 cm
