SET B756: SHOWER ENCLOSURE SQUARE JOTA 80X80X195 LEFT CHROME TRANSPARENT GLASS + TRAY TAKO SLIM GRAY MAT 4 CM

COLLECTION JOTA, JOTA SHOWER

PRODUCT CODE:	S601-143

Product description

A complete set consisting of a shower enclosure, a shower tray and a siphon. JOTA shower enclosure has been crafted from durable 6 mm thick tempered glass, ensuring structural stability and safety of using. The glass is equipped with a protective hydrophobic coating CleanPro, effectively preventing the buildup of limescale and impurities. The metal hinge flush with the glass pane on the inside of the shower enclosure has the function of lifting the door, thanks to which the life of the gaskets is extended. The innovative hinge mechanism allows you to conveniently open the door to an angle of 180°, however, when it opens to an angle of 90°, it brakes, which provides protection against accidental impact. Double-sided handles made of height-quality metal combine durability and functionality. The shower enclosure is equipped with a functional wall side profile that adjusts to wall unevenness up to 15 mm and a threshold strip that prevents water from splashing outside the enclosure. The frameless design of the enclosure fits perfectly into the minimalist style, and chrome details with a subtly shiny finish emphasize modernity. Magnetic gaskets increase the convenience of use. The height quality of the product is confirmed by a long-term warranty. Square corner shower enclosure 195 cm height, with 80 cm wide door and 80 cm wide wall, left version, with transparent glass. TAKO SLIM shower tray, gray with matte surface finish. It is made of the heightest quality acrylic. It has double reinforcement made of resin and fiberglass, which guarantees the stability and exceptional durability of the product. The height of the shower tray is 4 cm.

Technical data

Availability of spare parts (years)	yes (at least 3 years from the end of production)
Cleanpro coating	yes
Depth	80 cm
Double reinforced (resin + fiberglass)	yes
Glass colour	transparent
Gross weight	67,5 kg
Handle	metal
Height	195 cm
Lifting door	yes
Location of the outflow	central at the side
